The State Budget Process may seem complicated, but it's important to know how it happens. Once a budget takes effect, it becomes law for two years, and impacts much of our daily lives. Become part of the process and make your voice heard!

Here's how it works...

safety

STATE

AGENCIES

public transport

labor

Hey, Governor,

here's what we

need money for!

September(ish)

Governor reviews

budget requests and prepares the budget.

Starting July 1st, this will be law for 2 years! GOVERNOR

Govenor reviews budget & signs it into law.

Govenor can also cross out words or sections of the bill using line-item veto power. With enough votes (2/3 rds majority), the legislature could add those parts back in.

Hello, Wisconsin!

Here is my

proposed budget.

February(ish)

CONFERENCE COMMITTEE
OF THE LEGISLATURE

We must find a solution!

Both Senate & Assembly must pass the same version of the bill; otherwise, the Conference Committee meets to sort out the differences.

JFC proposes new version of the budget bill.

Joint Finance Committee (JFC)
holds public hearings on the
proposed budget.

This is an important opportunity for PUBLIC input!

The JFC is bipartisan and is made up of 16 legislators - half from Senate; half from Assembly.

ASSEMBLY + SENATE = LEGISLATURE

SENATE
